SUMMARY

Software Engineer with 3+ years of expertise in developing scalable data pipelines, APIs, and real-time monitoring solutions. Proven ability to optimize data workflows, implement innovative technologies, and drive actionable insights for large-scale operations.

EXPERIENCE

BlackRock - Gurugram, India

January 2021 – Present

Associate (Engineer II)

January 2024 – Present

- Enhanced a Kafka-based event-streaming pipeline with real-time data enrichment, achieving a 98% improvement in data processing timeliness and reducing monitoring refresh times by ~70%.
- Led the development of a secure, gRPC-based API, increasing operational efficiency and improving team productivity.
- Mentored and converted interns into full-time engineers by aligning their projects with organizational goals.

Analyst (Engineer I)

July 2021 – January 2024

- Reduced anomaly detection time from 30 minutes to 5 minutes by integrating a real-time Kafka pipeline and Splunk-based analytics.
- Automated Hadoop-based data lake maintenance, lowering monthly storage usage by 30% and preventing data losses across multiple environments.
- Enhanced team owned platform usability through the successful deployment of a self-service model, increasing adoption by 40%.

Intern

January 2021 – July 2021

- Earned Aladdin Python Developer Certification from BlackRock, demonstrating proficiency in Python and industry-standard financial technologies.
- Developed web based Training Simulator to expedite the onboarding process from 1.5 months to just 15 days and significantly improving training efficiency.
- Acquired in-depth business understanding, aligning with the firm's objectives to deliver impactful contributions.

SureClaim - Bengaluru, India

May 2019 – June 2019

Summer Intern

May 2019 – June 2019

- Developed a web-based summary generator for policy papers, reducing average user reading time to under 5 minutes during emergencies.

EDUCATION

Manipal Institute of Technology - Manipal, India

BTech in Computer Science & Engineering with Minor in Big Data

2017 – 2021

- Graduation CGPA: 9.33 | IEEE Student Branch Manipal member

CBSE Class XII Board Examination - R.N. Podar School, Mumbai | *Percentage: 91.4%*

2016 – 2017

CBSE Class X Board Examination - Birla Public School, Pilani | *CGPA: 10*

2014 – 2015

SKILLS

Programming Languages: Python, C++, Perl, SQL

Tools & Technologies: Git, Linux, gRPC, Splunk, Hadoop, Kafka, Spark, Docker, REST, Flask, FastAPI

Development Practices: Agile, TDD, CI/CD, ETL/ELT Pipelines, Real-time Data Processing

Platforms & Frameworks: Distributed Systems, Big Data Ecosystems

COURSEWORK

Core Computer Science: Object-Oriented Programming, Data Structures, Algorithms

Systems & Networking: Operating Systems, Computer Networks, Parallel Programming

Data & Cloud Technologies: Database Management Systems, Distributed & Cloud Computing, Big Data
